

TERRA NOVA RESULTS

The Terra Nova Test is an achievement-based test that includes subjects like math, reading comprehension, ELA, science, and vocabulary. The TerraNova test is a nationally recognized standardized test used to assess students' academic abilities in reading, language, mathematics, science, and social studies. The test is designed to measure a student's performance relative to other students in the same grade across the nation. Students in Grades 1 - 8 participate in the exam.
